PUBLIC TRANSPORT

Best way to get around Zagreb is with ZET tram/bus. Same ticket is valid for both means of transportation.

For ZET you can buy paper ticket for 10kn at newsstand or from tram driver. At newsstand you can also buy daily ticket (30kn). Paper tickets can only be validated at machine at first door.

Another way to use ZET is by ZET electronic card (<http://www.zet.hr/cijene-i-vrste-karata/zet-kartica.aspx> ; sorry no English translation) that costs 10kn. It can be bought at newsstand named Tisak or iNovine. When buying electronic card you need to top it up with some amount of money. One bus/tram ride costs 10kn and it is valid for 90 minutes in both directions. Daily ticket is 30kn. Tickets can be validated at all machines inside tram. If you want to buy daily ticket you should find this option in machine menu.
